BabyKicks Bumboo Pocket

one-size pocket with one of a kind wicking barrier, luxurious liner and fleece gussets

About Us:

Babykicks has been making organic and hemp based products designed with comfort, function and the environment in mind since 2000. Our gentle and natural fabrics are ideal for pampering both Baby and Mom. Over 90% of our range of products are hand-made in Maryland, USA.

We have always been a family run business and are committed to providing the highest quality products to our customers around the world!

For Questions and Comments please contact us via email: info@babykicks.com
We look forward to hearing from you.

Luxurious and Organic Fabric

The inner liner (against baby's skin) is made of luxurious 70% rayon (made from Bamboo), 30% Certified Organic Cotton and is incredibly soft, absorbent and silky and stays that way wash after wash.

Fleece Lining

The fleece surrounds the inner Bamboo layer and creates a one of a kind non-wicking barrier to the outside!

Great Fit

This diaper will give you the flexibility you desire and your baby amazing comfort. Trim-fitting design means no bulkiness while providing a wonderful fit. No snaps touch babies skin!

Fleece Gussets

Made with special fleece that provides unrivaled air circulation and prevents moisture from escaping.

Front Stuffing Pocket

Unique front pocket allows for easy cleanup and virtually eliminates insert shift. The pocket gives you all the flexibility in the world to add as much (or as little) absorbency as your child needs and prevents blow-outs.

Side-Snapping Wings

Eliminates wing droop and makes changing a breeze, especially for 'wiggly' little ones. Allows you to adjust waist and thigh separately to ensure a perfect fit.

Elasticized Waist and Gussets

Soft elastic ensures a snug fit around baby's legs and waist, providing leak and blow-out protection.

One-Size Design

No need to figure out what size is right for your baby or worry about your baby outgrowing the diapers you just bought. This fitted fits newborns (7lbs/3kg) to toddlers (40lbs/18kg) comfortably and securely.

Waterproof Shell

Made with a breathable waterproof PUL that is soft and thin, it eliminates the need for a cover.

Intuitive Sizing System

Makes adjusting and finding the right size and fit super-easy,

Joey-Bunz Insert

Each Bumboo Pocket comes with 1 Joey-Bunz providing you with the best insert available.
